Construction of a settling tank at KR Nagar

4756 / 1456

Letter No: D3 1842/48-49 dt 18 8 49 from the Dy Comm Mysore Dt, forwarding a copy of the resolution of the KR Nagar Town mel dt 5-7-49 resolving to the effect that the Govt be requested once again to meet the entire cost of the scheme in view of its slender finances

26) The estimated cost of the work relating to the construction of a settling tank at KR Nagar is Rs 26,000/- The mel dt was requested to state whether they are agreeable to meet half the cost of the estimate

27) The mel dt have resolved to request the Govt once again to meet the entire cost of the work in view of its slender finances

28) The final condition of the mely according to the Budget estimates for 49-50 is as follows -

Opening balance	Rs 38 0s
Receipts	" 59723
Total	Rs 63,528
Expenditure	" 58,279
Closing balance	Rs 5249.

Submitted for orders
25/8
JM

29) It is true that the financial condition of the Mcty is far from satisfactory. It is a dear Mcty

and at Cambridge all the times authorized under the statute for increasing its income but it has been all along accustomed to stem-feeding and has not adopted steps to improve its financial position

30) The estimated costs in this case as above the Board would the entire expense would be met by the Govt although it was felt that it would have to pay half yet it has re-stated its report that the entire cost should be met by the Govt in view of the slender resources of the City

31) Unless the Board decides to meet fully the estimated expense of £13000 by raising a loan, if necessary, it would be difficult to sanction the proposal and it would create a very inconvenient precedent the levying of assessments on buildings & lands is going on now & the increase in the assessment might be set apart towards the discharging the loan which it may raise in

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

...ead.-

Correspondence ending with letter No.DD.C.1365/47-48 dated 16th October 1948, from the Deputy Commissioner, Mysore District, regarding the drainage scheme for the Krishnarajanagar Town at an estimated cost of Rs.1,66,634/-

G.O.R No. L. 12771-5 CE 63-48-29

Dated, Bangalore, the 4-5-49

The Municipal Councillors of Krishnarajanagar Town Municipality while presenting an address to the Dewan during his visit to the town in the year 1943, requested that the drainage scheme which was an urgent necessity for the town, may be sanctioned. Proposals were accordingly called for from the Krishnarajanagar Town Municipal Council.

An estimate for Rs.1,40,000/- was received in this behalf and as the municipal council requested that the entire cost may be met out by the Government owing to their inability to bear any portion thereof, the proposals were ordered in November 1944 to be deferred.

The financial condition of the Krishnarajanagar Town Municipal Council has since improved and as the necessity for the drainage scheme at the place was keenly felt, the municipal council have, at their meeting held on 2nd January 1946, resolved to take up the drainage scheme, agreeing to meet one third of the estimated cost and requested the Government to meet the balance.

In the meanwhile, the estimate prepared in the year 1943 was got revised according to the current market rates and it amounted to Rs.1,66,634. The Municipal Council deposited a sum of Rs.62,944-10-8 being a third share of the cost of the work as agreed to by them previously.

Having regard to the urgency of taking up the scheme in the interests of the sanitation and health of the inhabitants of the town, Government are pleased to sanction the estimate for Rs.1,66,634/- for the drainage scheme for the Krishnarajanagar Town, the work being spread over a period of four years. They further direct that the cost of the scheme be met by the Government and the municipal council in equal proportion

The Government share of the cost during each year amounting to Rs.23,604/- will be met from the provision made under Town Improvement grants in the State Budget of the respective years. The first instalments of Rs.23,604/- will be met out of the Town Improvement Grants for 1948-49.

The Deputy Commissioner, Mysore District, is requested to instruct the President, Krishnarajanagar town Municipal council to deposit the balance of their share to make up the half the cost of the work very early, and to draw and place the grant at the disposal of the Public Works Department (Sanitary Engineering Bureau).

The Chief Engineer for Roads and Buildings is requested to take necessary action in the matter of taking up the work early and executing it expeditiously.

For Secretary to Government,
General Department.

OFFICE OF THE DEPUTY COMMISSIONER
MYSORE DISTRICT

Mysore, dated the 20th December 48

FROM

SRI GEORGE MATTHAN, B Sc ,
Deputy Commissioner,
Mysore District

TO

JANAB SYED ABDUL ALEEM, B A ,
Secretary to Government,
Revenue Department, Bangalore

Sir,

SUB construction of a settling tank at Krishnarajanagar

***

I have the honour to forward herewith the entire file of correspondence with the letter No D C 101/48 dated 24-11-48 of the President, Town Municipal Council Krishnarajanagar on the above subject and to state as follows

The Sanitary Engineer, Bureau of Sanitary Engineering Bangalore has furnished an estimate for Rs 26,000/- for - - the above purpose on 11-1-47 The Municipal Council who have taken up this subject for consideration in their - - meeting held on 10-8-47 have resolved that the entire cost of the estimate may be requested to be borne by the Government An extract of this resolution is enclosed in the file

The President of the said Town Municipal Council has reported that drinking water is being supplied to this Town from C B Channel after clorination and coagulation by alum solution and that after the irrigation of wet crops ie , after December water is allowed into this - - channel once in 10 days between January and June of every year During, this period, every time water is allowed to the channel, it is stated that it contract a lost of slugh

lot of slush rendering the water to be unfit for drinking purposes, even after using heavy doses of alum In order to improve, the quality of the water, the Sanitary Engineer has furnished this scheme

The existing financial position of the Municipality does not admit of any contribution being made towards this work, from out of its funds The Municipality has a closing balance of about Rs 2555/- and the arrears under all heads to be collected is reported to be about Rs 9797/- The income of the Municipality is likely to fall during the current year on account of the closure of the shandy due to the prevalance of plague

The execution of the present scheme is very necessary in order to provide the town with a better quality of water I, therefore request you to be so good as to obtain the necessary orders of Government for the Government Grant of a sum of Rs 26,000/- from out of the water supply grants for the current year for the execution of the said scheme as proposed by the municipal council

The connected file of records accompanyes

Sir,

With reference to your letter No.D3 C.1842/48-49 dated 20th December 1948 requesting sarction to an estimate for Rs 26,000/- for the construction of a settling tank at Krishnarajanagar etc , I am directed to state that this Town Municipal Council should try to increase its resources and be able to meet half the expenditure in this case and it should not depend upon Government assistance too much I am therefore to request you to ascertain and intimate whether the Municipal Council are willing to bear half the expenditure on the work in which case the estimate in question will be sanctioned and the Government will bear the other half of the expenditure.

It may also be pointed to the Municipal Council

that they have been treated generously and the Government have undertaken to finance the drainage scheme to this town to the extent of half the estimated viz., Rs.94,417/- in four years.

The records, estimates and plans, accompany.

Yours faithfully,

for General Secretary to Government.

SECRETARIAT GENERAL MUNICIPAL BRANCH 1456 24 AUG 1949

SECRETARIAT OF GOVT OF MYSORE To Date 21/8 GENERAL DEPARTMENTS

Sir,

Subject: Construction of a settling tank at K R Nagar.
****

With reference to your letter No. L. 14682/Ml. 63-48-31 dated 24-6-49 on the above subject, I have the honour to forward herewith the connected records ending with letter No. DC 101/48 dated 6 8.49 and to state as follows -

2 The President, Town Municipal Council, ~~Chamarajanagar~~, K.R.Nagar, was requested to furnish the opinion of the Municipal Council, if they are willing to bear half the estimated cost of the work as directed by Government. In reply he has sent a copy of the resolution of the Municipal Council, wherein they have resolved at their meeting held on 5-7-49 that Government again be requested to sanction the estimate the entire cost being met by Government on account of the slender respurces of the Municipality and also as Government were pleased to hold out hopes and promises at the time of the formation of this New Town that all essential amenities like water supply, drainage etc, would be provided at their cost The President has accordingly, in his letter No HC 7/494-50 dated 7-7-49 addressed to the Minister for Local Self Government, requested for favourable reconsideration of the question and for sanctioning of the ~~question for~~ estimate the entire cost of the work being met by Government.

"A"

"B"

3. In this connection, I amy add that the financial condition of the Municipality is not good as can be seen from the budget estimates for the year 1949-50, already submitted to Government for sanction I have requested the Municipal Council to find out ways and means to improve their resources as they have to provide funds for discharge of their obligatory duties.

4. In the circumstances, I request that you will be so good

8 will be so good as to obtain necessary orders of Government, on the request of the Municipal Council in this behalf.

Yours faithfully,

For Deputy Commissioner,
Mysore District.
